November 10, 2015

Ms. Jennie Dagher
Township Clerk
Metamora Township
730 West Dryden Road
Metamora, Michigan 48455

Re: D-bar-A Project (the "Project")

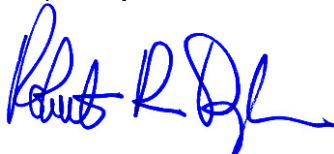

Dear Ms. Dagher:

Our Firm serves as consultant to American Aggregates of Michigan, Inc. ("AAOM"). As described in the enclosed materials, AAOM is proposing a new sand and gravel mine in Metamora Township. On behalf of AAOM and the Detroit Area Council, Boy Scouts of America, it is our pleasure to submit the enclosed applications, reports, information, and application fees as described in the attached Table of Contents (collectively the "D-bar-A Project Submittal").

We look forward to working with you, the Township Planning and Zoning Department and other Township representatives with regard to the Project. To this end, we are requesting a meeting with the Township Planning Department and other appropriate representatives to discuss the Project and the applications. Of course, AAOM would be willing to pay the \$500 fee to facilitate the application conference.

Once again, we are pleased to submit the enclosed materials and information. We look forward to scheduling a meeting in the near future and moving forward with the process. As always, please don't hesitate to contact us if questions, issues or concerns arise during the course of the process. Thank you and we look forward to speaking with you soon.

Respectfully,

Robert R. Doyle
Principal, Landscape Architect
